

EdgeImpulse Inc. Software-as-a-Service Subscription Renewal Order Form

This EdgeImpulse Inc. Software-as-a-Service Subscription Renewal Order Form (this “**Order**”), issued 08-July-2025 (“**Issuance Date**”), sets forth the Services purchased, the Subscription Term(s), the Fee(s), and the related business terms and conditions agreed to by Customer and Edge Impulse through the mutual execution of this Order. This Order is only binding and effective when executed by both Parties. Until such time, it is deemed a non-binding price indication for budgetary purposes only, and such indication will expire thirty (30) calendar days from the Issuance Date. This Order is issued under and is subject to the terms and conditions set forth in the Enterprise Terms of Service for Subscriptions available for review at <https://edgeimpulse.com/legal/enterprise-terms-of-service> and incorporated by reference herein (“**EToS**”). All capitalized terms used but not defined in this Order have the meaning given to such terms in the EToS. For the avoidance of doubt, all monetary amounts identified herein are in United States Dollars (USD).

4. Additional Terms:

The Parties acknowledge and agree that, notwithstanding anything to the contrary in the EToS, solely for the purposes of this Order,;

- A. In addition to the rights to use the other Edge Impulse Offerings as set forth in Section 2.2 (License Grant by Edge Impulse) of the EToS, and subject to and in consideration of timely payment by Customer of the Fees set forth in this Order, and of Customer's and its Authorized Users' compliance with the other terms and conditions of this Agreement (as defined below), Edge Impulse hereby grants to Customer, solely during the applicable Subscription Term, the **"SDK Enterprise License"**, specifically consisting of a royalty free (other than as provided above in Section 2 (Purchased Services) of this Order), limited, personal, revocable, non-exclusive, non-transferable (except as otherwise expressly allowed by this Agreement), non-sublicensable (other than as provided below in (b)) copyright license to:
 - a. use, copy, and compile the source code of select algorithms contained within the Edge Impulse SDK Assets, as made available by Edge Impulse (**"SDK Algorithms"**) to generate object code of the SDK Algorithms solely to update, upgrade and repair Deployed Devices;
 - b. sublicense only the object code and executables of the SDK Algorithms solely when embedded as part of and within Deployed Devices; and
 - c. reproduce and distribute object code versions of the SDK Algorithms (the **"Software Updates"**) to Customer's end user customers solely for purposes of installing periodic upgrades and updates onto Deployed Devices. The Software Updates may be distributed: (i) directly by Customer to provide support for Deployed Devices, and/or (ii) as an over-the-air update or via another secure stand-alone distribution process customarily used by Customer to distribute its own proprietary software that includes trade secret information, but in each case solely for purposes of (1) providing repair or support services for Deployed Devices, (2) updating the ROM of such Deployed Devices, or (3) otherwise repairing such Deployed Devices as part of Customer's ordinary course of business; provided, however, the distribution and use of the Software Updates must be accompanied by and subject to end-user license terms which are at least as protective as how Customer handles and distributes its own proprietary software updates that include trade secret information.
- B. Customer shall provide quarterly reports to Edge Impulse no later than thirty (30) calendar days following the end of each calendar quarter occurring during the Subscription Term identifying: (a) the cumulative number of Deployed Devices during such calendar quarter and (b) the cumulative number of Deployed Devices from the Subscription Start Date; and (c) any other information (other than any pricing information) that may be reasonably requested by Edge Impulse (collectively, the **"Quarterly Report"**) to ensure compliance with the terms of the Agreement. If the initial reporting period, beginning on the Subscription Start Date, is less than thirty (30) calendar days, Customer shall submit that period's Quarterly Report with the subsequent Quarterly Report. Customer shall submit all Quarterly Reports to Edge Impulse: at accounting@edgeimpulse.com or pursuant to such other reporting process as mutually agreed upon by the Parties.
- C. For clarity, Customer is not permitted to incorporate any SDK Algorithms into Customer devices after the expiration of the Subscription Term of this Order. To the extent Customer exceeds the licensed quantity of Deployed Devices during the Subscription Term, thereby requiring the payment of an Excess Deployed Device Fee, Edge Impulse shall invoice Customer for the True-up, in accordance with Section 2 (Purchased Services) of this Order. All payments accrued or made under this Agreement for the Excess Deployed Device Fee are non-cancelable and nonrefundable. Notwithstanding anything to the contrary, Edge Impulse shall have no obligation to refund Customer in the event of Customer's payment of an Excess Deployed Device Fee based upon Customer's overreporting of the quantity of Deployed Devices.
- D. Customer shall keep complete and accurate records concerning the Deployed Devices and the Quarterly Reports. Edge Impulse may conduct (itself or through its agent) an audit on reasonable notice of Customer's applicable books and records pertaining strictly to the Deployed Device, to verify Customer's reporting of Deployed Devices, encompassing supporting documentation including, but not limited to, the books and records required to substantiate the number of Deployed Devices reported. The cost of such audit shall be borne by Edge Impulse, unless such audit determines that Customer has underreported the number of Deployed Devices by more than five percent (5%), in which case, Customer shall, in addition to paying the Fees for any True-up payment(s) due for the overage in excess of the Allotted Deployed Devices, reimburse Edge Impulse for the cost of such audit. Customer shall preserve and maintain all such books and records required for audit for a period of two (2) years after the calendar quarter for which the books and records apply.

5. Entire Agreement; Counterparts:

This Order, together with the EToS and any and all attachments, exhibits, linked policies and/or documents referenced therein or herein, shall collectively be referred to as the “Agreement”. Customer acknowledges that access to the Purchased Services is at all times subject to the Agreement. This Order may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one agreement. Each Party agrees that the delivery of this Order by facsimile or in electronic format via email shall have the same force and effect as delivery of original signatures and that each Party may use facsimile, electronic format signatures, and photocopies of signatures as evidence of the execution and delivery of this Order by each Party to the same extent that an original signature could be used.
